

Digital Loyalty Kiosk

A Digital Kiosk Solution That Rewards Customers and Drives Revenue

The Loyalty Kiosk is an easy-to-use digital kiosk display which provides your customers with a user friendly and engaging way to join a mobile club, check-in to a loyalty program, download your app, and/or redeem a coupon.

The loyalty kiosk is a stand alone display that is easy to setup and can be fully customized for any business. Customers can easily check-in to a loyalty program or mobile club by inputting their mobile number.

Use the digital kiosk display to create a mobile club and build an opt-in database of customers that would like to receive ongoing text message promotions and special offers. Send incentives and digital coupons to your contacts which can then be redeemed and tracked directly through the Kiosk. You can even send business information and your mobile app directly to customers' cellphones.

STEP 1

Setup your kiosk

STEP 2

Build your Opt-In Database

STEP 3

Send out a Special Offer

STEP 4
